Enhance your home or commercial building, add the warmth and natural beauty of stone.

Add a natural element to enhance the exterior or interior of your home or commercial building with the warmth and beauty of stone.

Each blend is cut to order, from US quarries and reassembled by artistic masons.

Natural thin stone veneer is a facing product—real stone that does not need ledger, footings or wall ties required by conventional, full-thickness veneer products and taking up to 1/3 less time to install!

Thin-Stone Vener

Pre-Cut 90 Corners
Complete the full stone
thickness look

Comfortable, casual and just a touch of elegance, Bob Timberlake captures the heart of your sense of style. Everything that bears the Bob Timberlake name reflects all the comforts of home. This collection is a curated range of textures and colors that speak to classic beauty of natural stone, inspiring a timelessness that can only come from nature.
