

How to Request a Design:

Take photos of existing site conditions from multiple angles.

Draw a sketch including house dimensions, existing elements, L x W of site, & suggested plants.

Decide on desired space and variables. (See other side for details.)

Email a description of your needs. Provide patio sqft, wall length, height & plants.

Provide your contact info. (name, company, phone, billing address) & house address.

4-5 Business Day Turnaround

Testimonials:

~ "Very professional and efficient! Marshall Stones design service simplified what was previously thought to be a very complicated process. From a visual standpoint, the 3-D design plan was very easy to understand while providing all the detail necessary for a successful project." –Tonya Taylor

~ " I've enjoyed working with Marshall Stones design service team. Their professionalism, organizational skills, and knowledge are essential to our business. Marshall Stone has the products and service today's clients demand. I look forward to doing business with Marshall Stone for years to come!" -Darren Burke
